## FINANCIAL.

As the business year approaches its end the demands of business increases, but after the turn of the month some improvement i looked for. The New York Bulletin, in an examination of the fall prospect, sees grounds for cheerful anticipations in view of good crops, a sounder currency, and increasing confidence among business men. The Bulletin says: "How to extend our export trade by cultivating commercial openings in foreign countries within easy communication with our own ports is one of the most impor-tant questions of the time." Exchange con-tinues to be scarce, not sufficient for the with our own ports is one of the most important questions of the time." Exchange continues to be scarce, not sufficient for the very moderate demand that exists; quoted on New York and the east at par buying; \( \frac{1}{2} \) discount buying; selling at par. The New York exchange was quoted to-day as follows at the places named: Savannah—buying, \( \frac{1}{2} \) is selling, \( \frac{1}{2} \) Charleston easier, 1-5 premium, \( \frac{1}{2} \) premium. Cincinnati quiet; buying, 1-10 discount; selling, par. St. Louis, par. New at the places named: Savannah—buying, 1/6; selling, 1/4. Charleston easier, 1-5 premium, 1/4 premium. in Liverpool as being higher, but New York had another decline, bringing middling cot-ton there below 11c; futures also were lower. in our market the inquiry was very light and offerings were not liberal. The market closed steady at existing quotations, with an apathetic feeling in business circles. The New York Bulletin, of Monday, reports: "The market for spots, as far as transactions were concerned, was inactive and irregular. There was talk of a good deal of rolling up of sam-ples, however, and while quotations were marked down another 1-16c, we are aware that some brokers have had considerable dif-ficulty in finding lots suited to their wants, the supply on sale being somewhat broken up and poorly assorted. A much better business would be done in spots but for the extreme caution exercised by sellers in giving credit. For future deliveries the market opened at about last night's prices, declined 5@6 peints on the active months, rallied and became very

feverish, closing 3@8 points above the last prices of yesterday."

MEDICAL. Meet the wants of those who need a sale and re-liable medicine. The immense demand which has so rapidly followed their introduction is evidence

THE MOST POPULAR PILL ever furnished the American people. The highest medical authorities concede their superiority over all others, because they possess alterative, tonic, and healing properties contained in no other medicine. Being strongly Anti-Billous, they expel all humors, correct a vitlated state of the system, and, being purely vegetable, they do not, like other pills, leave the stomach and bowels in a worse condition than they found them, but, on the contrary, impart a healthy tone and vigor before unknown.

A GREAT SALE of REAL ESTATE Lorons Appeal—We desire to avail ourselves of your wide circulation to give notice, far and near, that on TUESDAY, the 25th day of September, at Kerrville, a young, flourishing town on the Paducah and Memphis Railroad, twenty miles from Memphis, we will sell, to the highest bidder, about 500 acres of first class farming lands for account of Rev. A. H. Kerr, being a sulplus portion of his large homestead tract, which he has determined to sell, lying immediately in the vicinity of the town, together with a large number of town lots in Kerrville. We beg to say to persons abroad, whom we desire to settle among us, upon the authority of Dr. Kerr, whose opinion we fully inderse, that no portion of Tennessee combines greater attractions of health, good community, remunerative cultivation and general advantages than does the land which he places on the market; and we confidently invite all who are looking for new homes to come and judge for themselves. To our own agricultural community, the merits of these lands are so well understood, that we are confident of 'heir presence in response to Dr. Kerr's invitation; and to all we promise a that we are confident of 'heir presence in response to Dr. Kerr's invitation; and to all we promise a FAIR AND OPEN FIELD OF COMPRITION, AT A POSITIVE AND PEREMPTORY SALE. Dr. Kerr, residing upon the premises, will take pleasure in showing the property until the day of sale, when diagrams or plans of the lands and lots will be exhibited. The farm lands offered comprise two distinct tracts—one of 360 and the other of 200 acres—about equally divided between forest and fields, inclosed and cultivated, but not supplied with buildings. The terms of sale will be half cash, and half time, with interest. Title indisputable and clear of incumbrance.
